

CD-100

Professional High Frequency Compression Driver

**100
Watts**

introduces a 100W, 2" throat compression driver model CD-100, suitable for use with high power LF speaker systems. It features Titanium diaphragm and Aluminium Ribbon Wire voice coil for delivering loud and crisp Mid & High frequency response. Suitable for use with HF horn similar to model H-7380.

Model	:	CD-100
Throat Diameter	:	50 mm (2")
Mounting Type	:	Bolt-On
Nominal Impedance	:	8 ohm
D.C. Resistance	:	6.5 ohm
Power Capacity	:	100W RMS
Sensitivity 1W/1M	:	108dB with H-7380
Usable Frequency Range	:	500Hz - 18kHz
Recommended Crossover	:	1.2kHz 18 dB/oct
Voice Coil Diameter	:	72.2 mm (2.84")
Magnet	:	Strontium Ferrite
Diaphragm	:	Titanium
Voice Coil Material	:	Edge Wound Aluminium Ribbon Wire
Voice Coil Former	:	Resin Bonded Nomex
Weight	:	4.7kg approx.
