

STAINLESS STEEL SWIMMING POOL LADDERS

Swimming pool ladders with stainless steel tubes and steps. Anchor parts, steps accessories, end rubbers and all other parts are supplied together with the unit.

ADJUSTABLE RUBBER

End rubber fits to the wall by the adjustable ball on it.

AISI 304/316 STEEL

AISI304 for standard waters and AISI316 for salty waters are available on request.

ALL IN ONE BOX

All models are supplied with a single box that includes all accessories to install the unit.

1,10MM THICKNESS

Polished, strong and heavy duty tubes have 1,1mm diameter.

42MM DIAMETER TUBE

Standard tube diameter makes the unit compatible to other anchors.
